KIRO is an Israeli-based company founded by Ex IDF (Israel Defense Forces) officers serving since 1972.

With 40 years of combined experience manufacturing and distributing tactical gear, we have decided to join forces to establish a premium manufacturing brand of firearm accessories.

Since the foundation in 2015, KIRO products have already been sold in more than 30 countries. Among our customers are civilians, military, and law enforcement units, including prestigious SF units.

KIRO products are made to the highest specifications and are tested vigorously to be extremely reliable even in the harshest conditions.

Our engineers employ unique and innovative manufacturing methods to lower manufacturing costs and provide premium products at affordable pricing.

At KIRO, we put our business partners first, whether a firearm manufacturer, a distributor, or a small dealer. We offer our clients a dedicated account manager with around-the-clock availability.

Zvi Zeidman,

President

A handwritten signature in white ink that reads "Zvi Zeidman". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

KIRO Morph™ 19 - Spring-Loaded Compact Conversion Kit for Glock 17 / 19 / 19X / 45

Morph was developed with law enforcement and combat instructors from multiple countries to turn your pistol into the ultimate PDW (Personal Defense Weapon) and provide the best alternative to MP5-style submachine guns.

Advantages:

- The smallest form factor on a full pistol chassis
- Allows for rapid deployment using spring-loaded brace.
- Provides increased stability and allows for higher accuracy and faster target acquisition.
- High durability and reliability with aircraft grade aluminum frame.
- Includes top, sides and bottom picatinny rails for maximum customizability.
- Polymer pistol adapters to minimize pistol wear.

Skeletor 12 - Rapid Loading 20 Round Drum Magazine for AR12 & 12GA Turkish Style 1919 Shotguns

The KIRO Skeletor-12 is a rugged 20 Round 12ga drum magazine with a *Patented* spring release system. With its unique skeletonized design, it boasts the lowest weight by a high margin for a 12ga drum magazine. Being lightweight, it reduces fatigue and allows for faster target acquisition and better accuracy. Its innovative rapid loading mechanism allows users to "drop" the 12ga rounds inside the magazine. It makes it the fastest and easiest drum magazine in terms of reloading.

Advantages:

- Patented spring release system for easy & quick loading
- Long Spring life due to the spring release mechanism
- Lightest drum mag on the market - only 1.1kg / 2.3lbs
- Carbon steel feed tower
- Tested for high durability and reliability.
- Width: 18cm, Height: 27cm, Depth: 14cm, Weight: 1.1kg / 2.3lbs

Compatibility:

Compatible with Almost all Turkish-made magazine-fed shotguns.

Tested to work with: G-Force Firearms, Typhoon Defense, Black Aces, Radikal NK and MK series, Ria Imports, Bora Arms, Barak Arms, Panzer Arms, Aksa, Tokarev, SDS Imports, Husan.

*Custom colors and patterns available for minimum order of 50 units.

Rapid Deployment Grip & Bipod for Picatinny rail

Universal bipod with standard picatinny rails for easy installation, no configuration or gunsmith required.

Advantages:

- Designed from scratch to handle the roughest situations and terrain.
- Reliable and elegant solution for bipod deployment.
- Prevents unwanted movement that affects your accuracy during rapid fire.
- Includes special texture for better stability and improved comfort.
- Easy to deploy - just pull the pods and anchor your rifle for better accuracy.
- Made from Israeli Aerospace grade Fiber-Reinforced Polymer (FRP)

SKU: **KA-RDP**

Colors:   

Compact Folding Foregrip for M-LOK / Picatinny rail

Designed for grasping by the frontal support hand, It enables 'horizontal to vertical' grip option on your weapon. Aids in the maneuverability of the firearms, lightweight vertical foregrip that attaches directly to all standard M-LOK / picatinny rails.

Advantages:

- Designed for fast deployment and flexibility in CQB encounters
- Rubberized texture for better vertical recoil control & improved comfort.
- Improved performance during rapid fire
- Made from Israeli Aerospace grade Fiber-Reinforced Polymer (FRP)

Rubberized Battle Grip for AR15 w/ Beavertail & Sealed Compartment

Perfect grip upgrade for standard AR platform rifles, improves trigger operation, reduces wrist fatigue and develops smooth rifle control. Equipped with a storage compartment with tight-sealing hinged door, an excellent choice for shooters who prefer a smaller grip circumference.

Advantages:

- Made for aid with tighter grip which provides better accuracy.
- Improves trigger operation, rapid fire control, recoil mitigation and overall rifle control.
- Provides an extended length of pull and added protection thanks to its Beavertail
- Reduces wrist fatigue that causes reduced performance while shooting.
- Highly water resistant storage compartment for your convenience.
- Includes rubberized texture and one finger groove for better stability and improved comfort.
- Made from Israeli Aerospace grade Fiber-Reinforced Polymer (FRP).
